### Perennials

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Yarrow	<i>Achillea millefolium var. lanulosa</i>	30-90cm tall, white flowers bloom June-September, moist to dry soil, full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Sweet flag	<i>Acorus americanus</i>	30cm -1m tall, fan-like foliage, full sun to partial shade, moist to wet soil	10 cm pot	\$3.00	2.50/2.25
Yellow giant hyssop	<i>Agastache nepetoides</i>	60-180cm tall; yellow flowers on spike bloom July-September; dry to moist soil, sun to part shade	10 cm pot	\$3.00	2.50/2.25
White snakeroot	<i>Ageratina altissima</i>	30-90 cm; white flowers in flat-topped clusters; bloom July-October; dappled sun to shade in moist to average soils	10 cm pot	\$3.00	2.50/2.25
Nodding wild onion	<i>Allium cernuum</i>	under 1m tall; grass-like leaves and leafless flowering stalk which blooms June-August; dry to moist soil, sun	10 cm pot	\$3.00	2.50/2.25
Wild chives	<i>Allium schoenoprasum</i>	up to 75cm tall, rose or pink flower, full sun, well drained soil, clump forming	10 cm pot	\$3.00	2.50/2.25
Wild leek	<i>Allium tricoccum</i>	15-45cm tall, umbel of white flowers in June-July after basal leaves withered; rich soil in deciduous shade; slow growing	10 cm pot	\$6.00	N/A
Pearly everlasting	<i>Anaphalis margaritacea</i>	30-90cm tall; white flowers bloom July-Sept; dry, sun to partly shaded; larval host to painted lady butterflies	10 cm pot	\$3.00	2.50/2.25
Canada anemone	<i>Anemone canadense</i>	20-70cm tall; white flower blooms June-July; dry to moist soil in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Thimbleweed	<i>Anemone virginiana</i>	30-80cm tall; white flowers bloom June-July; dry to average soil moisture in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Plantain-leaved pussytoes	<i>Antennaria plantaginifolia</i>	10-40 cm tall; white flowers bloom April-June; average to dry soil in full sun to partial shade; flowers are said to resemble cat paws, origin of the common name	10 cm pot	\$3.00	2.50/2.25
Ground nut	<i>Apios americana</i>	Vine with a twining stem; fragrant clusters of purplish flowers; blooms July-September; part sun, moist rich soil.	12 cm pot	\$5.00	N/A
Spreading dogbane	<i>Apocynum androsaemifolium</i>	30-120cm tall; bushy plant with small, fragrant, pink bell-shaped flowers that bloom June-July; prefers part shade but is adaptable	10 cm pot	\$3.00	2.50/2.25
Indian hemp	<i>Apocynum cannabinum</i>	Up to 1.5m tall; small elliptical leaves and clusters of inconspicuous greenish pink flowers; full sun	10 cm pot	\$3.00	2.50/2.25
Wild columbine	<i>Aquilegia canadensis</i>	30-60 cm tall; red (with yellow) flowers that bloom May-July; full sun to shade, dry to moist soil	10 cm pot	\$3.00	2.50/2.25
American spikenard	<i>Aralia racemosa</i>	up to 1.5m tall; small but numerous umbels of greenish-white flowers bloom June-August; medium moisture, well drained soil, full sun to part shade	10 cm pot	\$4.00	N/A
Jack-in-the-pulpit	<i>Arisaema triphyllum</i>	10-60cm; produces many small flowers (in the spring) located within the well-known pulpit; moist shade	10 cm pot	\$6.00	N/A
Wild ginger	<i>Asarum canadense</i>	10cm; inconspicuous maroon flowers bloom in spring; spreads well by rhizomes; requires shady, mesic (medium soil moisture) conditions	10 cm pot	\$5.00	

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Poke milkweed	<i>Asclepias exaltata</i>	60-180cm tall; umbels weep down with ~10 white to lavender to green flowers per umbel, blooms May-August; moderate moisture, sun to part shade	10 cm pot	\$3.50	N/A
Poke milkweed	<i>Asclepias exaltata</i>	60-180cm tall; umbels weep down with ~10 white to lavender to green flowers per umbel, blooms May-August; moderate moisture, sun to part shade	1 gallon	\$6.00	N/A
Swamp milkweed	<i>Asclepias incarnata</i>	60-120cm tall; pink-purple flowers bloom July-September; full sun to partial shade; average to moist conditions	10 cm pot	\$3.00	2.50/2.25
Sullivant's milkweed	<i>Asclepias sullivantii</i>	up to 1m tall; pale to deepish pink purple flowers bloom June-August; medium moisture, full sun	10 cm pot	\$3.50	N/A
Common milkweed	<i>Asclepias syriaca</i>	90-150cm tall; large balls of pink to purplish flowers with an attractive odor bloom June-August; full sun, dry to moist soil	10 cm pot	\$3.00	2.50/2.25
Butterfly milkweed	<i>Asclepias tuberosa</i>	30-75cm tall; bright orange flower clusters bloom June-September; requires sites with dry soil and full sun	10 cm pot	\$3.50	3.00/2.75
Whorled milkweed	<i>Asclepias verticillata</i>	up to 1m tall; small greenish-white flowers occur in flat-topped clusters bloom May-September; dry soil, sun to part shade	10 cm pot	\$3.50	N/A
Green comet milkweed	<i>Asclepias viridiflora</i>	under 1m tall; pale green flowers occur in two inch clusters bloom June-September; dry soil, full sun	10 cm pot	\$3.50	N/A
Canada milkvetch	<i>Astragalus canadensis</i>	up to 125cm tall; small cream coloured flowers in clusters bloom in the summer; full sun; dry soil conditions	1 gallon pot	\$6.00	N/A
Harebell	<i>Campanula rotundifolia</i>	15-50cm tall; purple, bell-shaped flowers bloom June-September; full sun in moist to dry soils and low competition	10 cm pot	\$3.00	2.50/2.25
Fireweed	<i>Chamaenerion angustifolium</i>	60-180cm tall; terminal spike of pink flowers, blooms June-August; moist to dry soils in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
White turtlehead	<i>Chelone glabra</i>	30-90cm tall; white, tubular flowers bloom in August-September; moist, sunny or partly shaded conditions	10 cm pot	\$3.00	2.50/2.25
Field thistle	<i>Cirsium discolor</i>	Up to over 2m tall; spiny teeth from top to bottom, produces a purple flower at its apex; July-September; full sun; handles a wide range of soil conditions	10 cm pot	\$3.00	2.50/2.25
Virgin's bower	<i>Clematis virginiana</i>	2-6m long slender, climbing, woody vine with clusters of white flowers that bloom July-September; prefers moist soil in sun or part shade	10 cm pot	\$4.00	N/A
Horsebalm	<i>Collinsonia canadensis</i>	up to 1m tall; tubular, yellow flowers on terminal spikes, lemony scent, bloom July-September; well drained soil, partial shade	10 cm pot	\$3.00	2.50/2.25
Lance-leaved coreopsis	<i>Coreopsis lanceolata</i>	up to 80cm tall; yellow daisy-like flowers bloom May-July; drought tolerant, sun	10 cm pot	\$3.00	2.50/2.25
Bunchberry	<i>Cornus canadensis</i>	small shrub reaching heights of 10-20cm; four white bracts surround the centre cluster of small greenish flowers; full sun to partial shade in acidic moist soil	12 cm pot	\$6.00	N/A
Showy tick-trefoil	<i>Desmodium canadense</i>	60-180cm tall; bushy plant with pink flowers that bloom July-August; sun to partial shade in moist to dry soils	10 cm pot	\$3.00	2.50/2.25
Flat-topped aster	<i>Doellingeria umbellata</i>	up to 1.5m tall; central stem terminates in flat-headed panicle of flowers; blooms starting in July; full sun to part shade, moist soil	10 cm pot	\$3.00	2.50/2.25
Flat-topped aster	<i>Doellingeria umbellata</i>	up to 1.5m tall; central stem terminates in flat-headed panicle of flowers; blooms starting in July; full sun to part shade, moist soil	1 gallon pot	\$6.00	N/A
Prairie cinquefoil	<i>Drymocallis arguta</i>	up to 1m tall; white flowers resemble those of a strawberry, blooms June-Sept; dry soil, full sun	10 cm pot	\$3.00	2.50/2.25
Pale purple coneflower	<i>Echinacea pallida</i>	up to 1m tall; pale purple flowers with drooping petals bloom June-July; dry to medium soil, full sun to part shade	10 cm pot	\$3.00	2.50/2.25
Dwarf scouring rush	<i>Equisetum scirpoides</i>	5-20cm tall; stems can curve, end in black pointy cone, evergreen; sun-shade, moist soil	10 cm pot	\$4.00	N/A
Trout lily	<i>Erythronium americanum</i>	10-20cm tall, ephemeral plants; the nodding flower is yellow, lily-like and blooms in May; shady conditions with dry to moist soil	10 cm pot	\$5.00	N/A
Boneset	<i>Eupatorium perfoliatum</i>	up to 2m tall; dense flat-topped cluster of white flowers bloom June-October; moist to wet soil, sun to shade	10 cm pot	\$3.00	2.50/2.25

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Flowering spurge	<i>Euphorbia corollata</i>	up to 1m tall; small cluster of white flowers atop each stem bloom June-October; dry soil, full sun	10 cm pot	\$3.00	N/A
White wood aster	<i>Eurybia divaricata</i>	Up to 1m tall; white flowers with yellowish-red to purple center; blooms August-October; part sun, dry well drained soil	10 cm pot	\$3.00	2.50/2.25
Large-leaved aster	<i>Eurybia macrophylla</i>	up to 1m tall; pale blue to violet to white flowers bloom July -October; shade to part shade, moist well-drained soil	10 cm pot	\$3.00	2.50/2.25
Spotted Joe-pye-weed	<i>Eutrochium maculatum</i>	60-200cm tall; pink-purple flowers in flat-topped clusters; blooms July-September; moist soil in full sun to part shade	10 cm pot	\$3.00	2.50/2.25
Sweet Joe-pye-weed	<i>Eutrochium purpureum</i>	can be over 2m tall; whitish to purplish pink flowers bloom July-September; light shade to partial sun, moist soil	10 cm pot	\$3.00	2.50/2.25
Wild Strawberry	<i>Frageria virginiana</i>	7.5-15cm tall; spread and form colonies by runners; white flowers bloom in spring, fruit ripens in July; prefers sunny sites, but will grow anywhere	10 cm pot	\$3.00	2.50/2.25
Bottle gentian	<i>Gentiana andrewsii</i>	30-60cm tall; dark blue, clustered flowers bloom August-September; requires moist sites in a sunny to partially shaded area	10 cm pot	\$5.00	N/A
Wild geranium	<i>Geranium maculatum</i>	70cm tall; pinkish-purple terminal clusters of terminal flowers; blooms April-June; full to part sun; well drained soil	10 cm pot	\$4.00	N/A
Yellow avens	<i>Geum aleppicum</i>	up to 1m tall; deep yellow-orange yellow flowers bloom June-September; sun to part sun	10 cm pot	\$3.00	2.50/2.25
White avens	<i>Geum canadense</i>	up to 1m tall; white flowers bloom April-June; leaves resemble strawberries; shade to part shade, dry to moist soil	10 cm pot	\$3.00	2.50/2.25
Water avens	<i>Geum rivale</i>	up to 30cm tall; drooping flowers with purple sepals and white petals bloom May-September; slow-draining or wet soil, full sun-partial shade	10 cm pot	\$3.00	2.50/2.25
Prairie smoke	<i>Geum triflorum</i>	15-40cm tall; pink blooms May-July and the fruit resembles smoke; grows well in full sun to partial shade in moist to dry soil	10 cm pot	\$3.00	2.50/2.25
Sneezeweed	<i>Helenium autumnale</i>	60-150cm tall; yellow flowers bloom August-October; moist soil conditions, with part to full sun	1 gallon pot	\$6.00	N/A
Bicknell's frostweed	<i>Helianthemum bicknellii</i>	20-70cm tall; yellow flowers bloom in June-July; dry sandy soil	10 cm pot	\$3.00	2.50/2.25
Pale sunflower	<i>Helianthus strumosus</i>	can be over 2m tall; each yellow flower can be 5-10cm across, blooms July-September; dry soil, sun to part shade	1 gallon pot	\$6.00	N/A
Sweet ox-eye	<i>Heliopsis helianthoides</i>	60-150cm; yellow flowers bloom July-September; hardy species which prospers in moist to dry soils in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Virginia waterleaf	<i>Hydrophyllum virginianum</i>	up to 30cm tall; white-dark violet flowers in clusters and bloom May-June; shade to part shade, moist soil	10 cm pot	\$5.00	N/A
Pointed leaved tick trefoil	<i>Hylodesmum glutinosum</i>	30-120cm tall; pink flowers on slender stalk, blooms July-August; average to moist soil, partial shade	10 cm pot	\$3.50	N/A
Great St John's wort	<i>Hypericum ascyron</i>	60-150cm tall; large yellow flowers; full sun in moist to dry soils	10 cm pot	\$3.00	2.50/2.25
Blue flag iris	<i>Iris versicolour</i>	50-80cm tall; large violet-blue flowers; blooms July-September; moist to wet conditions, full to part sun	10 cm pot	\$3.00	2.50/2.25
Cylindrical blazing star	<i>Liatris cylindracea</i>	20-60cm tall; purple flowers bloom July-September; prefers dry to average moisture regime in full sun to partial shade; likes alkaline soils	10 cm pot	\$3.00	2.50/2.25
Dense blazing star	<i>Liatris spicata</i>	33-100 cm tall; white or purplish-pink flowers bloom June to early fall; full sun, well drained, rich, slightly sandy soil	10 cm pot	\$3.00	2.50/2.25
Cardinal flower	<i>Lobelia cardinalis</i>	60-120cm tall; red flower spike blooms July-September; requires moist to wet sites which cannot be allowed to dry out; sun to partial shade	10 cm pot	\$3.50	3.00/2.75
Blue lobelia	<i>Lobelia siphilitica</i>	30-100cm tall; blue flower spike blooms August-September; requires moist to wet sites in sun to shade	10 cm pot	\$3.00	2.50/2.25
Pale-spiked lobelia	<i>Lobelia spicata</i>	Up to 120cm tall; produces small flowers in a tight cluster on a spike at the apex of the plant; average well-drained soil, full sun	10 cm pot	\$3.00	2.50/2.25

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Wild blue lupine	<i>Lupinus perennis</i>	30-90cm tall; blue-purple pea-like flowers on a tall spike; average to dry well drained soil; full sun to part shade; larval host for the Karner blue butterfly	10 cm pot	\$4.00	N/A
Ostrich fern	<i>Matteuccia struthiopteris</i>	60-80cm tall; herbaceous fern with tall fronds all season long; full sun to full shade, tolerant of dry or moist conditions	1 gallon pot	\$6.50	N/A
Square-stemmed monkeyflower	<i>Mimulus ringens</i>	30-90cm at maturity; blue-purple flowers open June-September; moist to wet soils in full to partial sun	10 cm pot	\$3.00	2.50/2.25
Oswago tea	<i>Monarda didyma</i>	150cm tall, leaves up to 15cm long; reddish flowers up to 5cm across; moist rich soils in part to full shade	10 cm pot	\$3.50	
Wild bergamot	<i>Monarda fistulosa</i>	60-120cm tall; lavender-purple-pink flowers bloom June-September; dry, neutral - basic soil pH, especially on limestone; full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
White wood lettuce	<i>Nabalus altissimus</i>	up to 250cm tall; greenish-white or yellow flowers bloom August-September; moist woods	10 cm pot	\$3.00	N/A
Evening primrose	<i>Oenothera biennis</i>	Up to 1.5m tall; yellow, lemon scented flowers bloom June-September; dry to moist soil with full sun to partial shade; biennial	10 cm pot	\$3.00	2.50/2.25
Meadow sundrops	<i>Oenothera pilosella</i>	30-100cm; large yellow flowers bloom June-August; in nature, this species grows in moist soils, however in the garden it is tolerant of average conditions	10 cm pot	\$3.00	2.50/2.25
Meadow sundrops	<i>Oenothera pilosella</i>	30-100cm; large yellow flowers bloom June-August; in nature, this species grows in moist soils, however in the garden it is tolerant of average conditions	1 gallon pot	\$6.00	N/A
Foxglove beardtongue	<i>Penstemon digitalis</i>	45-80cm; white flowers bloom in late spring and early summer; requires full sun to partial shade, in well drained soils	10 cm pot	\$3.00	2.50/2.25
Hairy beardtongue	<i>Penstemon hirsutus</i>	30-90cm; lavender flowers bloom in June-July; thrives in dry soil, or coarse rock in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Wild blue phlox	<i>Phlox divaricata</i>	Up to 50cm tall; pale blue flowers bloom April-June; part sun; rich soil; often found in dense woods	10 cm pot	\$6.00	N/A
Native phragmites	<i>Phragmites australis</i>	can be up to 6-7 feet tall, grows in less-dense stands than invasive phragmites, reddish-brown stems, yellow-green leaves, sparser seedheads	1 gallon pot	\$6.00	N/A
Lopseed	<i>Phryma leptostachya</i>	30-90cm tall, small white to pink-lavender flowers on an erect spike, blooms July-September; moist soil in shade	10 cm pot	\$3.50	2.50/2.25
Clammy ground-cherry	<i>Physalis heterophylla</i>	up to 80cm tall; bell-shaped yellow/purple flowers hang from hairy stalks, bloom June-August; full to partial sun, slightly moist to dry soil	10 cm pot	\$3.00	2.50/2.25
Obedient plant	<i>Physostegia virginiana</i>	30-120cm tall; tubular pink flowers bloom July-September; prefers full sun to partial shade in wet to average soil	10 cm pot	\$3.00	2.50/2.25
Pokeweed	<i>Phytolacca americana</i>	Up to 3m tall; whitish pink flowers cluster at top July-September; full sun; fruit clusters of dark purple berries	10 cm pot	\$3.00	2.50/2.25
Christmas fern	<i>Polystichum acrostichoides</i>	up to 60cm across; stays green through the holiday season; moist soil, shade	10 cm pot	\$5.50	N/A
Slender mountain mint	<i>Pycnanthemum tenuifolium</i>	30-70cm tall; white flowers that bloom in July-August; full sun; well drained soil	10 cm pot	\$3.00	2.50/2.25
Hairy mountain mint	<i>Pycnanthemum verticillatum</i>	30-75cm tall; white flowers bloom July-September; full sun-part shade, dry to medium soil	10 cm pot	\$3.00	2.50/2.25
Virginia mountain mint	<i>Pycnanthemum virginianum</i>	30-75cm; white flowers in clusters bloom July-September; average to dry soil; sun to part shade	10 cm pot	\$3.00	2.50/2.25
Prairie buttercup	<i>Ranunculus rhomboideus</i>	10-40cm tall; yellow flowers bloom April-May; full to part sun; average to dry conditions	10 cm pot	\$3.50	N/A
Grey-headed coneflower	<i>Ratibida pinnata</i>	up to 2m tall; yellow daisy-like flowers with drooping petals bloom June-August; full sun, medium moisture	10 cm pot	\$3.00	2.50/2.25
Black-eyed susan	<i>Rudbeckia hirta</i>	30 - 90 cm; yellow daisy like flowers bloom from June-October; sun to part shade	10 cm pot	\$3.00	2.50/2.25
Green-headed coneflower	<i>Rudbeckia laciniata</i>	100-200cm; flowers have yellow petals and green discs and bloom July-August; full sun to partial shade with moist to average soil.	10 cm pot	\$3.00	2.50/2.25

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Canadian bloodroot	<i>Sanguinaria canadensis</i>	5-15cm tall; singular white flower blooms in early spring (May); spreads by underground rhizomes; fresh to moist soils in partial shade to shade	10 cm pot	\$6.50	N/A
Mad-dog skullcap	<i>Scutellaria lateriflora</i>	Up to 90cm tall; produces clusters of small blue flowers June-September; moist well-drained soil, full to part sun	10 cm pot	\$3.00	2.50/2.25
Compass plant	<i>Silphium perfoliatum</i>	up to 1.5m tall; yellow sunflower-like flowers bloom July-September; dry soil, full sun	10 cm pot	\$3.00	2.50/2.25
Cup plant	<i>Silphium perfoliatum</i>	Up to 2.5m tall; large, yellow daisy-like flowers bloom July-October; full sun; prefers moist soils	10 cm pot	\$3.00	2.50/2.25
Silverrod	<i>Solidago bicolor</i>	up to 1m tall; white or cream coloured flowers along stem blooms July-October; full partial sun, dry to moist soil	10 cm pot	\$3.00	2.50/2.25
Blue-stemmed goldenrod	<i>Solidago caesia</i>	45-90cm tall; blue stem with yellow clumps of flowers along stem bloom July-September; shade, moist-dry soil	10 cm pot	\$3.00	2.50/2.25
Canada goldenrod	<i>Solidago canadensis</i>	up to 200cm tall; yellow flowers on branched inflorescences bloom July-October; very adaptive conditions	10 cm pot	\$3.00	2.50/2.25
Zig-zag goldenrod	<i>Solidago flexicaulis</i>	Up to 90 cm tall; small clusters of yellow flowers along stem blooms September-October; full to part shade; well-drained soils	10 cm pot	\$3.00	2.50/2.25
Early goldenrod	<i>Solidago juncea</i>	up to 1m tall; yellow flowers bloom June-August; full-partial sun, party dry soil	10 cm pot	\$3.00	2.50/2.25
Grey goldenrod	<i>Solidago nemoralis</i>	up to 60cm tall; slender grey stalks with yellow flowers bloom July-October; sun to part shade, dry soil	10 cm pot	\$3.00	2.50/2.25
Ohio goldenrod	<i>Solidago ohioensis</i>	up to 1m tall; yellow flowers bloom July-September; moist-medium soil, full sun	1 gallon	\$6.00	N/A
Upland white goldenrod	<i>Solidago ptarmicoides</i>	15-80cm tall; numerous small white daisy-like flowers bloom August-Septmeber; prefers dry to sandy soils, full sun	10 cm pot	\$3.00	2.50/2.25
Ridell's goldenrod	<i>Solidago ridellii</i>	up to 1m tall; showy yellow flowers bloom August-September; moist-well soil, full sun	1 gallon	\$6.00	N/A
Bog goldenrod	<i>Solidago uliginosa</i>	up to 2m tall; flowers in a tight clump at top of stem bloom August-September; wet soil, full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Heart-leaved aster	<i>Symphyotrichum cordifolium</i>	30-125cm tall; small bluish-white flowers in dense clusters bloom late summer to early fall; full sun, little competition	10 cm pot	\$3.00	2.50/2.25
Heath aster	<i>Symphyotrichum ericoides</i>	30-90cm tall; blooms July-October; hardy and easy to grow; grows well in moist to dry soil in full sun to partial shade	10 cm pot	\$3.00	2.50/2.25
Lance-leaved aster	<i>Symphyotrichum lanceolatum</i>	Up to 100cm tall; white flowers may be blue-purple with yellow centre, bloom July-October; moist soil, full sun	10 cm pot	\$3.00	2.50/2.25
New England aster	<i>Symphyotrichum novae-angliae</i>	90-210 cm; deep purple flowers bloom August-October; grows best in moist soil in full sun	10 cm pot	\$3.00	2.50/2.25
New England aster	<i>Symphyotrichum novae-angliae</i>	90-210 cm; deep purple flowers bloom August-October; grows best in moist soil in full sun	1 gallon pot	\$6.00	N/A
Sky blue aster	<i>Symphyotricum oolentangiense</i>	50-100cm tall; smaller and more compact blue/violet flowers August-October; dry soil, full sun	10 cm pot	\$3.00	2.50/2.25
Swamp aster	<i>Symphyotricum puniceum</i>	Up to 1.5m tall; light-violet or violet-blue petals surrounding a yellow centre bloom August-October; moist soil, part shade	10 cm pot	\$3.00	2.50/2.25
Arrow-leaved aster	<i>Symphotricum urophyllum</i>	40-100cm tall; white, pale-pink or bluish flowers bloom early fall; dry soil, full sun	10 cm pot	\$3.00	2.50/2.25
Skunk cabbage	<i>Symplocarpus foetidus</i>	low-growing plant; foul smelling and mottled purple blooms in early spring; moist to wet soil, shade	10 cm pot	\$6.00	N/A
Yellow pimpernel	<i>Taenidia integerrima</i>	40-80cm tall; produces clusters of small yellow flowers, spreads by runners; full sun, dry soil; prefers little competition	10 cm pot	\$3.00	2.50/2.25
Early meadow-rue	<i>Thalictrum dioicum</i>	30-80cm tall; flowers have no petals but have greenish coloured sepals blooming early spring; moist-dry soil, full to part shade	10 cm pot	\$5.00	N/A

Common Name	Scientific Name	Description	Size	Retail Price	Bulk Price
Tall meadow-rue	<i>Thalictrum pubescens</i>	0.5-2.5m tall; produces clusters of white flowers June-August; dioecious (male and female plants); full sun to partial shade in moist to wet soils	10 cm pot	\$3.00	2.50/2.25
Ohio spiderwort	<i>Tradescantia ohiensis</i>	Up to 115cm tall; clusters of blue, three-petaled flowers bloom May-August; moist to dry soil, part shade	10 cm pot	\$5.00	N/A
White trillium	<i>Trillium grandiflorum</i>	20-45cm; singular white flower blooms in the spring. Requirements; prefers moist soil in deciduous or mixed woods, full shade	10 cm pot	\$6.50	N/A
Blue vervain	<i>Verbena hastata</i>	60-180cm tall; blue-purple flowers bloom July-September; moist soil in full sun to part shade	10 cm pot	\$3.00	2.50/2.25
Slender vervain	<i>Verbena simplex</i>	30-60cm tall; pale purple flowers bloom June-September; full sun to part shade	10 cm pot	\$3.00	2.50/2.25
Hoary vervain	<i>Verbena stricta</i>	30-120cm tall; blue-purple flowers are showier than blue vervain, bloom June-September; average to dry soil, full sun to part shade	10 cm pot	\$3.00	2.50/2.25
Ironweed	<i>Vernonia altissima</i>	Up to 2.5m tall; purple flowers bloom July-September; well drained soil, full sun	1 gallon pot	\$6.00	N/A
Common blue violet	<i>Viola sororia</i>	7.5-20cm tall clump forming species; purple-blue flowers are in bloom March-June; partial shade to shade	10 cm pot	\$3.00	2.50/2.25
